Subject: 34 Poplar ADU

Dear council,

Our family lives next door to 34 Poplar and our home at 19 Redwood is the closest residence to the proposed ADU.

We have reviewed the amended plans and are in favor of the ADU that Jeff and Cassie Shouger are proposing.
The design, location and setbacks are, to us, in keeping with the neighborhood.

We hope that the Town of Ross approves the project as currently designed and do not ask that modifications continue to be made.

Much appreciated,

Michael and Kara Lind
19 Redwood
