Subject: [EXTERNAL] Pickleball comments

Dear Ross Town Council Members,

Pickleball has seen a remarkable rise in popularity within Ross, quickly becoming a beloved activity for residents of all ages. The public courts have been a hub for this growing community, providing a space for families, friends, and neighbors to gather, connect, and stay active. Given this surge in interest, I believe it is crucial that the unrestricted use of our public courts be preserved, if not expanded.

As someone who uses the courts multiple times a week for both classes and pick-up games, I have witnessed firsthand the sport's positive impact. I have reconnected with many neighbors at the courts. Pickleball also offers a fun and active way for families like mine, to bond and stay healthy.

That said, I understand why private courts are under scrutiny. I think a pickleball court application should be treated like a pool or sport court application. I do not like the 250' from lot line - that means only residents with huge lots can have a pickleball court. It's about balancing property rights with neighbor peace!

Thank you for your attention to this!
